  - Case Specific

## 11. ALLOY CHOICE

### PFM

- High Noble
- Noble
- Base
- Case Specific

### FULL CAST

- High Noble
- Noble
- Base
- Case Specific

## Our Signature Products are divided into three categories:

**STUDIO SERIES** are two consecutive units or less with the exception of tooth numbers 6-11. These patient specific dental devices are among the most highly requested basic products we provide.

**SELECT SERIES** Restorations in this category consist of anterior single units, tooth numbers 6-11, and any three or more consecutive units. These patient specific dental devices require advanced technical expertise and competence.

**SIGNATURE SERIES** The Signature Series requires the highest level of competence, visualization and technical expertise. In this category, the restorations are the most demanding and time consuming. These consist of Aesthetic, Implant, and Custom Shade dental appliances. When excellence and technical consideration are premium, Signature Series is your solution.
